

Department of Computer Science & Engineering

Honors Program Audit

This form is to be completed and verified in the final semester prior to graduation. This form serves as an audit and verification that the student has fulfilled all requirements of the CSE Honors Program. Students meeting all requirements upon graduation will be recognized as graduates of the CSE Honors Program.

Student Information

Name: _____

NUID: _____

Email: _____

Major: _____

Graduation Date: _____

Program Requirements

1. List when and how you entered the CSE Honors Program (by invitation or who sponsored you):
2. All CSE Honors students must have completed at least 6 honors courses (designated as honors or contracted). List the courses for which you successfully fulfilled the honors requirements.

| Course Number | Instructor | Semester | Grade |
|---------------|------------|----------|-------|
| 1. | | | |
| 2. | | | |
| 3. | | | |
| 4. | | | |
| 5. | | | |
| 6. | | | |

3. List your current overall GPA and your GPA in all CSCE courses:
4. List your expected overall GPA and your expected GPA in all CSCE courses upon graduation:

5. List all student roles (Professional organization memberships, club memberships, event participation, etc.) that you engaged in:

6. List all instances of undergraduate research that you engaged in, faculty members that you worked with, and the outcome of that research.

7. Upon completion of this audit form, the CSE Honors Program Director will review and verify the information.
