CSCE 155 – Lab: Objects

Worksheet – Java Version

Name _____

1. Which RSS feed did you choose and what is the most recent story published through it?

2. How many stories were available on the RSS feed when you executed your program?

3. Closely examine the description and titles of each of the RSS items. Do you notice any weird characters or odd formatting? Can you explain them?

4. Demonstrate your working program to a lab instructor and get them to sign this worksheet and hand it in.
