CSE Login \_\_\_\_\_

Due: Friday, April 1, 2011. If you turn in the Homework by Monday, March 28, we will grade it early so you can receive feedback before the midterm.

Name (Print)\_\_\_\_\_

Name 2 (Print)\_\_\_\_\_

Instructions Follow instructions carefully, failure to do so may result in points being deducted.

- The homework can be submitted on paper or via handin. Homework *neatly* formatted in ETEX will receive a 7 points bonus. You will not receive the 7 points bonus if you work with a partner (see below).
- Clearly label each problem and submit the answers in order.
- Staple this cover page to the front of your assignment for easier grading.
- Late submissions will not be accepted.
- Show sufficient work to justify your answer(s).
- When you are asked to prove something, you must give as formal, rigorous, and complete a proof as possible. Each step in your proof must contain explanation that would allow us to understand what theorem/logic you have applied to arrive at that step.
- You are to work individually, and all work should be your own. Check partner policy below.
- The CSE academic dishonesty policy is in effect (see http://cse.unl.edu/ugrad/resources/academic\_integrity.php).

Partner Policy You may work in pairs, but you must follow these guidelines:

- 1. You must work on all problems together. You may not simply partition the work between you.
- 2. You must use LATEX and you may divide the typing duties however you wish.
- 3. You may not discuss problems with other groups or individuals.
- 4. Hand in only one hard copy with both author's name.

Problem	Page	Points	Score
8.6.2 (a,c) (Justify your answer)	578	4	
8.6.4 (a,c) (Justify your answer)	578	4	
8.6.22	579	8	
8.6.24	579	6	
8.6.26	579	4	
8.6.32	579	8	
(Bonus) 8.6.46	580	6	
8.6.62	581	4	
$4.1.4^{1}$	279	6	
4.1.6 <sup>1</sup>	280	6	
$4.1.16^{1}$	280	6	
(Bonus) $4.1.18^1$	280	6	
$4.1.28^{1}$	280	6	
$4.1.32^{1}$	280	6	
(Bonus) 4.1.38	281	8	
4.2.4 <sup>1</sup>	291	6	
Total		74	
Typesetting in $LAT_EX$ (bonus)		7	

- <sup>1</sup> Induction proofs will be graded according to the 4-step format used in class:
- 1. (1 point) State the propositional property
- 2. (1 point) State and verify the basis step
- 3. (1 point) State the inductive hypothesis
- 4. (3 points)Prove the inductive step
