Time Allocation: Balancing Research, Teaching, and Service

Jeff Kramer

Department of Computing
Imperial College
London

What is life going to be like?

Busy!
Research

- **Good research**
  - Short term benefits
  - Long term foundations
  - collaborate?
- Putting yourself about
  - conferences
  - workshops
  - visits
  - organizing committees
- Problems:
  - Can never do enough
  - Open-ended

Reserve time!

Teaching

- **Good teaching**
  - Don’t start from scratch
  - Do give it personal touch
  - Short term response
  - Long term research benefits

- Don’t neglect it!
Service

- Attending meetings
- Being a good reviewer
- Being a good committee member
- Multiculturalism/internationalism
- Mutual support
  - Letters, recommendations, advice

Yes, yes, yes

Hygiene

- Professionalism
- Be selective
  - Choose what you do carefully
- Keep all the balls in the air
- Quality rather than quantity
- Enjoy it!
How do you think you are going to organise your time?
