CSCE 970: Pattern Recognition	**Spring Semester, 2001**

Homework Assignment 0

January 8, 2001 — *Due Date: January 22*

1. (10 pts) Send e-mail to `sscott@cse` with *exactly* the following in the subject

   `CSCE 970 hwk 0`

   and *exactly* the following in the body of the message:

   `970   SSN   addr   alias   name`

   where `name` is your name, `SSN` is your student ID number, `addr` is your e-mail address (you may leave off the `.unl.edu`), and `alias` is an alias that you will use to identify yourself when I post grades on the web page. (I use the alias in lieu of social security numbers.) If you do not wish to have your grades posted, make your alias "NO". Also, do not place any whitespace within any of the fields.

   Please send me this e-mail ASAP so you will be placed on the class e-mail list.

2. (10 pts) E-mail me a picture of yourself. This is to help me learn your names and maintain an on-line roster. If there are multiple people in the photo, clearly indicate which one is you.
